S-CUT®

E/T LIGHTS INCLUDED IN THE US ARMY'S ENVIRONMENTAL
COMMANDS POLLUTION PREVENTION (P2) CATALOG.

S-CUT "2016 EMS World Innovation Award Winner" The Emergency Cutting Tool for Rescue Services

MODEL 701 RTS

S-CUT is designed for use on patients in rescue situations as well as emergency situations in hospitals. It is a fast way to remove the patient's clothes in order to expose injuries without needing to change the patient's position which could inflict further injury or unnecessary pain.

The S-CUT is used with success in hospitals and ambulance stations throughout Europe, the Swedish International Rescue Service, Fire Brigades, the Swedish Army, the US Army, FBI, prisons, US first responder and US Hospitals among others. **S-Cuts are not associated with the DoD's DPSI program.** www.s-cutusa.com
